Price netto: \*The value added tax is not applicable for participants from the European Union outside of Germany with indication of VAT number. For training and practice purposes, we offer our test samples from older DCC proficiency tests for purchase.

In addition to the test object, you will receive a complete evaluation with the precision data from the proficiency test as a PDF-document by e-mail only. Statistical evaluation of the data is done on the basis of methods of robust statistics (Hampel estimator, Q-method, is defined in ISO/ TS 20612 (2007) and DIN 38402-A45 (09-2013). The order lists are constantly updated.
